

Fresno Unified School District
Board Communication

BC Number EA-1

From the Office of the Superintendent
To the Members of the Board of Education
Prepared by: Kristi Imber-Olivares, Director
Cabinet Approval:

Date: October 23, 2020

Phone Number: 457-3896

Regarding:  Academic Progress Update for Quarter 1

The Purpose of this communication is to provide the Board with information regarding academic metrics for Fresno Unified. In 2019/20, 51,430 students (77%) completed i-Ready Diagnostic 1. In 2020/21, 54,286 students (83%) completed i-Ready Diagnostic 1. Please note that students in Kinder were not required to test in 2019/20.

The metrics included in this Board communication are:

- Quarter 1 2019/20 and 2020/21 academic grades
 - Only students in grades 3-12 receive letter grades.
 - Academic grades in elementary are composite grades that combine both writing and reading.
- 2020/21 i-Ready Diagnostic 1 performance results for reading and math, including average performance grade level placement, including disproportionality among student groups
 - i-Ready data is presented in standard view which is used to understand how students are performing during the school year. Standard view considers a student to be on grade level if the student is performing early, mid, or late in current grade level.
 - Only students in grades K-11 take the i-Ready diagnostic.
- 2020/21 Cycle 1 redesignation
 - Administration of the Summative ELPAC 2019/20 was suspended because of COVID-19-related school closures. To support redesignation of English Learner students who were unable to complete testing in 2019/20, the California Department of Education (CDE) extended an optional administration of the 2019/20 Summative ELPAC to occur in fall 2020. Fresno Unified began the Summative ELPAC 2019/20 optional test administration on September 1, 2020 and will complete testing on October 30, 2020. English Learner students who completed the optional Summative ELPAC 2019/20 this fall and are eligible for redesignation are not included in Cycle 1 redesignation and will be included in Cycle 2.

Please note that disproportionality refers to a student group's representation in a particular category that differs from the representation of other student groups in that same category. Ideally, we want each group to have a disproportionality ratio of 1.0. This means that the student group is being equally represented in that specific data measure as they are in our total population. The higher the ratio, the higher they are being represented. Student groups that have a disproportionality ratio above 1.0 are over-represented in a particular category. Student groups that have a disproportionality ratio below 1.0 are under-represented in a particular category. For example, a ratio of 2.0, means that a particular

student group is being represented twice as much in the category compared to their representation in our total student population.

Supervisors of Schools (SOS), Curriculum, Instruction, and Professional Learning (CIPL), and Equity and Access (E&A) departments are leading important actions and next steps associated with these unprecedented times:

- Assessment Committee and Assessment Sub-Committees continue to meet toward recommending next steps and alignment of assessments. For 2020/21, a recommendation by the Kindergarten Sub-Committee was the addition of the Foundational Skills Assessments (FSA) tool for capturing data in conjunction with i-Ready data.
- School sites continue to engage in grading conversations and guidance to align their practices to the Board Policies (BP) and Administrative Regulations (AR).
- Schools continue to leverage school Professional Learning Communities (PLC) and Instructional Leadership Teams (ILT) toward consistency in grading practices.
- Departments will continue to use data from all sources as opportunities to learn, inform, and guide next steps in the areas of instruction, professional learning, and accountability.

Also included in this Board communication are district-level regional and student group reports for quarter 1 academic grades, i-Ready diagnostic 1 performance and Cycle 1 2020/21 English Learner redesignation rates.

If you have further questions or require additional information, please contact Lindsay Sanders at (559) 457-3471.

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

* Cell Value Key:

Current Year Diagnostic 1 % of Test Takers in Placement Level Category
(% Change in Placement Category from Prior Year Diagnostic 1 Students)

Current Year Diagnostic 1 Count of Test Takers in Placement Category

In 2019-20 grade K was not required to participate in Diagnostic 1.

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in blue indicate percentage of students who are on or above grade level in their i-Ready Performance based on i-Ready's Standard View.

In 2019-20 grade K was not required to participate in Diagnostic 1.

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

Report includes results for grades 7-11; grade 12 was not required to participate in the i-Ready Math Diagnostic.

Fresno Unified School District
Board Communication

BC Number EA-1

From the Office of the Superintendent
To the Members of the Board of Education
Prepared by: Kristi Imber-Olivares, Director
Cabinet Approval: 

Date: February 19, 2021

Phone Number: 457-3896

Regarding: Academic Progress Update I-Ready Diagnostic 2

The Purpose of this communication is to provide the Board information regarding i-Ready Diagnostic 2. We adjusted our assessment windows as State and COVID-19 Health guidance continues to evolve and change, so i-Ready Diagnostic 2 administration occurred following our submission of our Academic Progress Update in January. During this year, 54,286 students (83%) completed i-Ready Diagnostic 1 and 39,917 students (81%) completed i-Ready Diagnostic 2.

The metrics included in this Board communication are:

- 2020/21 i-Ready Diagnostic 2 performance results for reading and math, including average performance grade level placement, including disproportionality among student groups
 - i-Ready data is presented in standard view which is used to understand how students are performing during the school year. Standard view considers a student to be on grade level if the student is performing early, mid, or late in current grade level.
 - Note that only students in grades K-7 are required to take the i-Ready diagnostic 2, while students in grades K-11 were required to take the i-Ready diagnostic 1. However, all of our middle schools tested their 8th grade students on i-Ready diagnostic 2 so grade 8 data is included. Grades 8 to 11 were scheduled to take the PSAT instead of I-Ready Diagnostic 2, but due to COVID the PSAT could not be administered this year.

Also included in this Board communication are district-level regional and student group reports for i-Ready diagnostic 2 results. Aside from analyzing grades from Quarter 1 to Quarter 2, i-Ready provides an opportunity to understand growth from Diagnostic 1 to 2; both during the COVID-19 closures. i-Ready also provides a calibrated measurement for greater understanding of potential impacts of the pandemic in the future.

If you have further questions or require additional information, please contact Lindsay Sanders at (559) 457-3471.

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Note: Blank cells in this report indicate that there were no students in the specific placement category.

A percentage of 0.0% reflects a small percentage value between 0.01% and 0.049%.

Cells highlighted in pink reflect placement of 2 or more grade levels below. A negative value within the parentheses (-##) reflects a reduction (a desirable change) in % of students in this category since the last diagnostic. Cells highlighted in yellow reflect placement of 1 grade level below. Cells highlighted in green reflect a placement of on or above grade level. A negative value within the parentheses (-##) reflects a reduction (an undesirable change) in % of students in this category since the last diagnostic. Cells highlighted in blue are a grand total of all the areas highlighted in green (on or above grade level).

In 2020-21, Diagnostic 2 was not required in Grade 8 or higher except for ELs (redesignation purposes) or Students with Disabilities (IEP goals associated with i-Ready).

Fresno Unified School District
Board Communication

BC Number EA-2

From the Office of the Superintendent
To the Members of the Board of Education
Prepared by: Kristi Imberri-Olivares, Director
Cabinet Approval:

Date: January 22, 2021

Phone Number: 457-3896

Regarding: Academic Progress Update for Quarter 2

The Purpose of this communication is to provide the Board information regarding academic metrics for Fresno Unified. We adjusted our assessment windows as State and COVID-19 Health guidance continues to evolve and change, so i-Ready Diagnostic 2 administration is currently occurring, and the assessment results will be shared in a later communication.

The metrics included in this Board communication are:

- Quarter 1 and Quarter 2 2020/21 academic grades
 - Only students in grades 3-12 receive letter grades.
 - Academic grades in elementary are composite grades that combine both writing and reading.
- Semester 1 2019/20 and 2020/21 academic grades
 - Only students in grades 3-12 receive letter grades.
 - Academic grades in elementary are composite grades that combine both writing and reading.
- 2018/19 and 2019/20 Summative ELPAC scores
 - Administration of the Summative ELPAC 2019/20 was suspended because of COVID-19-related school closures. To support redesignation of English Learner students who were unable to complete testing in 2019/20, the California Department of Education (CDE) extended an optional administration of the 2019/20 Summative ELPAC to occur in fall 2020. Fresno Unified administered the Summative ELPAC 2019/20 optional test administration September 1 to October 30, 2020. English Learner students who completed the optional Summative ELPAC 2019/20 this fall and are eligible for redesignation were included in Cycle 2.
- 2020/21 Cycle 2 redesignation and comparison of redesignation during Semester 1 2019/20 to 2020/21

Please note that disproportionality refers to a student group's representation in a particular category that differs from the representation of other student groups in that same category. Ideally, we want each group to have a disproportionality ratio of 1.0. This means that the student group is being equally represented in that specific data measure as they are in our total population. The higher the ratio, the higher they are being represented. Student groups that have a disproportionality ratio above 1.0 are over-represented in a particular category. Student groups that have a disproportionality ratio below 1.0 are under-represented in a particular category. For example, a ratio of 2.0, means that a particular student group is being represented twice as much in the category compared to their representation in our total student population.

Supervisors of Schools (SOS), English Learner Services, Curriculum, Instruction, and Professional Learning (CIPL), and Equity and Access (E&A) departments are leading important actions and next steps associated with these unprecedented times:

- Assessment Committee and Assessment Sub-Committees continue to meet toward recommending next steps and alignment of assessments. For 2020/21, a recommendation by the Kindergarten Sub-Committee was the addition of the Foundational Skills Assessments (FSA) tool for capturing data in conjunction with i-Ready data.
- School sites continue to engage in grading conversations and guidance to align their practices to the Board Policies (BP) and Administrative Regulations (AR).
- Schools continue to leverage school Professional Learning Communities (PLC) and Instructional Leadership Teams (ILT) toward consistency in grading practices.
- Departments will continue to use data from all sources as opportunities to learn, inform, and guide next steps in the areas of instruction, professional learning, and accountability.

Also included in this Board communication are district-level regional and student group reports for Quarter 1 and Quarter 2 2020/21 academic grades, Semester 1 2019/20 and Semester 1 2020/21 academic grades, and Cycle 2 2020/21 English Learner redesignation rates.

If you have further questions or require additional information, please contact Lindsay Sanders at (559) 457-3471.

Approved by Superintendent
Robert G. Nelson Ed.D.

Fresno Unified School District
Board Communication

BC Number EA-1

From the Office of the Superintendent
To the Members of the Board of Education
Prepared by: Kristi Imberi-Olivares, Director
Cabinet Approval: Lindsay Sanders
Lindsay Sanders (Apr 15, 2021 11:37 PDT)

Date: April 16, 2021

Phone Number: 457-3896

Regarding: Academic Progress Update for Quarter 3

The Purpose of this communication is to provide the Board with information regarding academic metrics for Fresno Unified. We adjusted our assessment windows as State and COVID-19 Health guidance continues to evolve and change, so i-Ready Diagnostic 3 administration is planned for May, and the assessment results will be shared in a later communication.

The metrics included in this Board communication are:

- Quarter 2 and Quarter 3 2020/21 academic grades, including disproportionality among student groups.
 - Only students in grades 3-12 receive letter grades during Quarter 2, however, 2nd grade students begin receiving letter grades in Quarter 3.
 - Academic grades in elementary are composite grades that combine both writing and reading.
- Quarter 3 2019/20 and 2020/21 academic grades
 - Students in grades 2-12 receive letter grades beginning in Quarter 3.
 - Academic grades in elementary are composite grades that combine both writing and reading.
- 2020/21 Cycle 3 redesignation and comparison of redesignation during Quarter 3 2019/20 to 2020/21

Supervisors of Schools (SOS), English Learner Services, Curriculum, Instruction, and Professional Learning (CIPL), and Equity and Access (E&A) departments are leading important actions and next steps associated with these unprecedented times:

- Assessment Committee and Assessment Sub-Committees continue to meet toward recommending next steps and alignment of assessments. For 2020/21, a recommendation by the Kindergarten Sub-Committee was the addition of the Foundational Skills Assessments (FSA) tool for capturing data in conjunction with i-Ready data. Dual Language Immersion Kinder assessment equivalency is in progress and being developed.
- School sites continue to engage in grading conversations and guidance to align their practices to the Board Policies (BP) and Administrative Regulations (AR).
- School sites continue to do outreach to families of students who are not participating in either asynchronous and/or synchronous instruction.
- Schools continue to leverage school Professional Learning Communities (PLC) and Instructional Leadership Teams (ILT) toward consistency in grading practices.

- Departments continue to use data from all sources as opportunities to learn, inform, and guide next steps in the areas of instruction, professional learning, and accountability.

Also included in this Board communication are district-level regional and student group reports for Quarter 3 and Quarter 3 2020/21 academic grades, Quarter 3 2019/20 and 2020/21 academic grades, and Cycle 3 2020/21 English Learner redesignation rates.

If you have further questions or require additional information, please contact Lindsay Sanders at (559) 457-3471.

Fresno Unified School District
Board Communication

BC Number EA-2

From the Office of the Superintendent
To the Members of the Board of Education
Prepared by: Kristi Imberi-Olivares and Brian Beck
Cabinet Approval: Lindsay Sanders

Date: April 30, 2021

Phone Number: 457-3896

Lindsay Sanders (Apr 29, 2021 11:06 PDT)

Regarding: Special Education Progress Update for Quarter 3

The Purpose of this communication is to provide the Board information regarding Fresno Unified's Special Education (SPED) programs and services. Please note that all data shown in the attached infographic only includes students in TK-12 who receive SPED services.

The following metrics for 2019/20 and 2020/21 are included on the attached infographic:

- Quarter 3 Special Education enrollment
 - Enrollment information by program type, and disproportionality among student groups
 - Enrollment in the infographic includes students in grades TK to 12 who were eligible to receive special education services, in alignment with CDE, however, the Special Education Department serves students birth to TK and in adulthood (18 to 22 years of age).
- 2019/20 and 2020/21 Quarter 3 academic grades in ELA and Math Grades
 - Only students in grades 2-12 receive letter grades.
 - Note that passing grades include C- and above
- 2020/21 Quarter 2 and Quarter 3 academic grades in ELA and Math Grades
 - Only students in grades 3-12 receive letter grades in Quarter 2. Second grade students begin receiving letter grades in Quarter 3 as well.
 - Note that passing grades include C- and above
- Quarter 3 chronic absenteeism rates, including disproportionality among student groups
- Quarter 3 suspension rates, including disproportionality among student groups
 - Please note that students with no disproportionality calculation had no student currently suspended for Quarter 3 in the 2020/21 academic year. Also, there were no expulsions for Quarter 3 in the current school year, so this metric was not included.
- Quarter 3 IEP compliance rate for IEPs that were completed up to Quarter 3
 - IEP compliance rate includes the number of students enrolled at the end of Quarter 3 who completed an IEP meeting between the start of school and the end of Quarter 3.
 - Please note that this may include students who completed their IEPs late (past the expected date in Q1, Q2, or Q3) and early (before the expected date in Q4).
 - The State still considers late IEPs, completed outside of their due date, compliant as long as it still occurs within the academic year.
 - Students who still have an upcoming IEP later this year (Q4), even if it has not yet been held, are still considered in compliance.

Please note that disproportionality refers to a student group's representation in a particular category that differs from the representation of other student groups in that same category. A disproportionality ratio of 1.0 indicates that the student group is being equally represented in that specific data measure

as they are in our total population. The higher the ratio, the higher they are being represented. Student groups that have a disproportionality ratio above 1.0 are over-represented in a particular category. Student groups that have a disproportionality ratio below 1.0 are under-represented in a particular category. For example, a ratio of 2.0 means that a particular student group is being represented twice as much in the category compared to their representation in the total student population.

The Special Education Department has taken the following action steps to improve student outcomes

- Case managers working closely with families to meet individual needs and implement IEP services
- Continued focus on inclusionary opportunities to increase access
- Winter session with appropriate IEP support
- Provide credit recovery for high school students
- Conduct in-person eligibility assessments
- Provide in-person designated instructional services (DIS) for students with greatest need
- Provide IEP support for in-person cohorts at each campus
- Piloting in-person services for youngest students in moderate/severe program at five sites
- Provide online resources for both staff and parents
- Provide specialized equipment and technology for increased access
- Provide professional learning opportunities to support distance learning for teachers and paraprofessionals
- Facilitate department collaboration through professional learning communities and job-alike meetings for teachers

If you have further questions or require additional information about the metrics, please contact Lindsay Sanders at 457-3471 or Brian Beck at 457-3226.

IEP Compliance Rate for Students in Special Education

97.0%
(8,539)
2019-20 Q3

95.2%
(8,280)
2020-21 Q3

IEP compliance rate includes the number of students enrolled at the end of Quarter 3 who completed and IEP meeting between the start of school and the end of Quarter 3.

Please note that this may include students who completed their IEPs late (past the expected date in Q1, Q2 or Q3) and early (before the expected date in Q4).
